

Family Interaction Plan

1. The Family Interaction Plan can be accessed by Create>Case Work>Planning>Family Interaction Plan. A case will need to be selected but not a case participant because this plan will accept multiple case participants.

The screenshot shows the 'eWISACWIS' web application running in a Microsoft Internet Explorer browser window. The title bar reads 'Create Case Work - Microsoft Internet Explorer provided by DHFS - State of Wisconsin'. The application has a purple header bar with the 'eWISACWIS' logo and navigation links for 'Print', 'Spell Check', 'Help', and a question mark icon.

The main content area is divided into two primary sections:

- Create Case Items:** A vertical list of icons and dropdown menus for various case categories. The 'Planning' category is selected, and its dropdown menu shows 'Family Interaction Plan' as the chosen option.
- Cases:** A list of existing cases. The first case, 'Abby, Alice A.', is highlighted. Other cases include 'Abby, Amy', 'Abby, Angel', 'Abby, Art', 'Abby, CopyEverything', 'Abby, Copyover', 'Adopted, Amy', 'Adopted, Ron', and 'Aiden, Fred'.

Below the 'Cases' list is a section titled 'Case Participants' containing a list of names and roles, such as 'Art Abby, Present Spouse', 'Alice Abby, Reference Person', and several biological children. At the bottom right of the main content area are 'Create' and 'Close' buttons. The browser's status bar at the bottom shows 'Done' and a 'Trusted sites' security indicator.

2. The Forms Page will open. Select 'Family Interaction Plan' from 'Options' and select 'Go'.

Done Trusted sites

- On the Forms Page, select Save and Close to return to the desktop.

- There is not an Approval for this template. The document can be updated in the future through the life of the case but Historical copies must be kept in hard copy and placed in the paper file.

5. The Family Interaction Plan also has copy over functionality in the event different plans are necessary to capture the interaction plans for different children within the same case. To access this feature, Create>Casework>Planning>Family Interaction Plan>family name. The Forms Selection window will open.

The Forms Information may have several forms listed. Select the Copy hyperlink to copy the existing base plan into a new editable plan.

The 'Create' button will create a new blank plan.
